DDD	D	Members of the Collective identify common goals and opportunities to partner to meet the needs of South Dakotans with Disabilities.	Participate in breakout room discussion	15 mins
<p>How do the current priorities and efforts the DD Network, Supporting Families CoP, and DDD and other partners align?</p> <p>- Disability rights comes in after other agencies. Attempting to remove barriers, work closely with other agencies, trying to be person centered. Often needs to call DD to work through items.</p> <p>-Parent Perspective: Excited about applications all coming from the same place. In the past this was very difficult and had to fill out very many forms, very overwhelming. Families are excited about being able to fill out one application and move on. Appreciates being part of the meeting.</p> <p>-CoP perspective: really good representation from partners in call/out of call. The experience of families seems to be improving. Partners are working together effectively.</p> <p>How can we leverage/strengthen our partnerships to accomplish common goals?</p> <p>-Happy that we are having these meetings, group of amazing people trying to help individuals with disabilities.</p> <p>-DDD has a workgroup called the employment first alliance. This group meets quarterly on how to move forward for employment for all. Looks at how to best collaborate and move effort forward in SD.</p> <p>-A lot of us find ourselves in the same settings, navigating services within certain populations that aren't represented as well has been improving. Agencies seem to be collaborating to meet with these underserved communities.</p> <p>-Things coincide but don't always overlap: finding wins in small things such as building relationships between agencies, such as having meetings together, being on calls together more often.</p> <p>-All of us are here because we share similar goals, we need to make sure we are sharing things and communicating information/discussion to each other</p>					
6. Wrap Up: <ul style="list-style-type: none"> Next meeting date – <i>July 26, 2023</i> Which topics should be included on our next agenda? Like, Learn, Change 	Julie Hand	I		Participate in the online poll Go to www.menti.com & use the code 8178 5637	5 mins

Like: Updates on others work, Opportunity for stakeholders to speak and give input, getting up to date on what is being done in the state, opportunity to learn from partners, the opportunity to speak with stakeholders, coming together with others with passion for the disability field, seeing all the different players, and timeline of DD initiatives

Learn: Updated timelines, about upcoming changes, other agencies initiatives change, the different things that are happening, all of us are working towards the same goals to improve lives for people with IDD, and that changes are coming.

Change: Breakout groups for some discussion items for more input, possible smaller discussion groups to allow for more feedback, and possibly allow time to go over the hour if the conversation is good
